
WORKSHOP VIDEO PACKAGE

The large building instruction package for buildings and nature. Ideal for dioramas, model railways and doll houses. Markus Imthurn conveys his knowledge for the effective modeling. The instructions are applicable for 1:24 to 1:87. 9.85 GB. For Windows and Mac. All updates are included.

This package includes

Over 5 hours of HD video MP4 (without audio).

For each video there are photos. Partly it has also PDF files for printing. All contents are in English, German and French.

- Concentration exercise, control figure.
- Working with Styrodur and veneer.
- Walls, half-timbering, wooden walls, windows, curtains, roofs.
- Soils and paths.
- Meadow, bushes, flowers to scatter

Over 3300 photos (1600 x 1200 pixels) as an inexhaustible source of inspiration.

- Historical Swiss Plateau.
- Wooden buildings in the Bernese Oberland.
- Romantic houses in Alsace.
- Mediterranean towns on the Côte d'Azur.
- Charm of the Italian Riviera.

Some photos transformed into computer-generated sketches.

Photographs of some works by Markus Imthurn. Partially with photos of the production process.
